Services

## TRAINING TO SUIT YOUR NEEDS

You don't need to go offsite to get quality training.  
MarXtar brings the training to you.  
You just need a room.

### YOU DON'T NEED A TRAINING ROOM... JUST A ROOM

Our unique training offering brings a fully specified hosted training environment to you so that all you need to get trained is your own PC or a standard PC to access our training systems. We provide the power behind the scenes.

### YOU DON'T NEED A TEAM HOTEL... WE COME TO YOU

Don't let the difficulty and cost of sending your teams to training stop you getting the skills you need. We come to you so you get the benefits of training your whole team at a fraction of the price of Boot Camp training.

### THE ONSITE HOSTED TRAINING SOLUTION

LANDesk training needs power most organisations just don't have in their training room. We've invested in the portable power needed to host the training environment for you so you get the benefit of a full LANDesk training environment but without needing the power in your environment or the cost of travelling to an offsite location.

All you need is a room, something from which to run the remote sessions to our training systems such as your normal laptop or a standard training room PC. We handle the rest for you; we can even loan you e-readers for the student guides if you haven't got multi-screens.

- Up to 8 simultaneous training environments
- Highly experienced LANDesk trainer
- Lower cost options compared to multiple Boot Camps
- Faster time to value by training all that need it
- Standard or custom training content options
